

## SAFETY DATA SHEET

### Kitchen Bin Buddy

#### SECTION 1: Identification: Product identifier and chemical identity

##### Product identifier

**Product name** Kitchen Bin Buddy  
**Product No.** 00735/03  
**Container size** 550g

##### Relevant identified uses of the substance or mixture and uses advised against

**Application** Bin Freshener  
**Uses advised against** Not to be used in any other way than instructed on product packaging.

##### Details of the supplier of the safety data sheet

**Supplier** Challs International Ltd  
UK ADDRESS:  
Unit 46 Lady Lane Industrial Estate  
Hadleigh  
Suffolk  
IP7 6BQ  
Contact Number: +44 1473 828700  
Contact Email: sales@challs.com

EU ADDRESS:  
1 Drummartin Road  
Dundrum  
Dublin 14  
D14 C3YO  
Contact Number: +353 12960842  
Contact Email: sales@challs.com

**Manufacturer** Primo Manufacturing Ltd  
Hadleigh  
Suffolk  
IP7 6BQ  
+44 01473 820999  
sales@primo.mfg.co.uk

##### Emergency telephone number

**National emergency telephone number** (01) 809 2166 - Poisons Information Centre of Ireland  
Office Hours: Daily 8am-10pm  
030 - 192 40 - Giftnotruf der Charité Universitätsmedizin Berlin  
13 1126 (24 hours) Australian National Poisons Centre

#### SECTION 2: Hazard(s) identification

##### Classification of the substance or mixture

**Physical hazards** Not Classified

## Kitchen Bin Buddy

### Most important symptoms and effects, both acute and delayed

**General information**                      The severity of the symptoms described will vary dependent on the concentration and the length of exposure.

### Indication of any immediate medical attention and special treatment needed

**Specific treatments**                      Treat symptomatically.

### **SECTION 5: Firefighting measures**

#### Extinguishing media

**Suitable extinguishing media**      The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.

#### Special hazards arising from the substance or mixture

**Hazardous combustion products**      None known.

#### Advice for firefighters

**Special protective equipment for firefighters**      Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.

### **SECTION 6: Accidental release measures**

#### Personal precautions, protective equipment and emergency procedures

**Personal precautions**                      For personal protection, see section 8.

#### Environmental precautions

**Environmental precautions**      The product contains a substance which is harmful to aquatic organisms and which may cause long-term adverse effects in the aquatic environment. Avoid discharge into drains or watercourses or onto the ground. Spillages or uncontrolled discharges into watercourses must be reported immediately to the Environmental Agency or other appropriate regulatory body.

#### Methods and material for containment and cleaning up

**Methods for cleaning up**                      Do not touch or walk into spilled material. For users with sensitive skin, it is recommended that suitable protective gloves are worn. Stop leak if safe to do so. Avoid generation and spreading of dust. Collect spillage with a shovel and broom, or similar and reuse, if possible. Collect and place in suitable waste disposal containers and seal securely. When handling waste, the safety precautions applying to handling of the product should be considered. Containers with collected spillage must be properly labelled with correct contents and hazard symbol. Flush contaminated area with plenty of water. The requirements of the local water authority must be complied with if contaminated water is flushed directly to the sewer. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

#### Reference to other sections

**Reference to other sections**                      For personal protection, see Section 8. See Section 11 for additional information on health hazards. For waste disposal, see Section 13.

### **SECTION 7: Handling and storage, including how the chemical may be safely used**

#### Precautions for safe handling

**Usage precautions**                      Read label before use. Good personal hygiene procedures should be implemented. Handle all packages and containers carefully to minimise spills. Avoid generation and spreading of dust. Avoid inhalation of dust. Avoid contact with skin, eyes and clothing. Use only in well-ventilated areas.

#### Conditions for safe storage, including any incompatibilities

## Kitchen Bin Buddy

**Storage precautions** Store in tightly-closed, original container in a dry, cool and well-ventilated place.

**Specific end use(s)**

**Specific end use(s)** The identified uses for this product are detailed in Section 1.

### SECTION 8: Exposure controls and personal protection

**Exposure controls**

**Protective equipment**

**Appropriate engineering controls**

Provide adequate general and local exhaust ventilation. Observe any occupational exposure limits for the product or ingredients.

**Eye/face protection**

Wear eye protection. Wear tight-fitting, dust-resistant, chemical splash goggles if airborne dust is generated.

**Hand protection**

Wear protective gloves. For users with sensitive skin, it is recommended that suitable protective gloves are worn.

**Other skin and body protection**

Provide eyewash station and safety shower. Wear appropriate clothing to prevent any possibility of skin contact.

**Hygiene measures**

Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Wash promptly with soap and water if skin becomes contaminated. Take off immediately all contaminated clothing and wash it before reuse.

**Respiratory protection**

Wear a suitable dust mask. If ventilation is inadequate, suitable respiratory protection must be worn. Respirator selection must be based on exposure levels, the hazards of the product and the safe working limits of the selected respirator.

**Environmental exposure controls**

Keep container tightly sealed when not in use.

### SECTION 9: Physical and chemical properties

**Information on basic physical and chemical properties**

<b>Appearance</b>	Dusty powder.
<b>Colour</b>	Yellow. / Grey.
<b>Odour</b>	Citrus.
<b>Bulk density</b>	2.6-2.8 kg/m <sup>3</sup>
<b>Solubility(ies)</b>	Insoluble in water.

### SECTION 10: Stability and reactivity

**Reactivity** There are no known reactivity hazards associated with this product.

**Stability** Stable at normal ambient temperatures and when used as recommended.

**Possibility of hazardous reactions** None known.

**Conditions to avoid** Avoid exposure to high temperatures or direct sunlight.

## Kitchen Bin Buddy

**Materials to avoid**                      None known.

**Hazardous decomposition products**                      None known.

### SECTION 11: Toxicological information

#### Information on toxicological effects

**Inhalation**                                      Dust may irritate the respiratory system.

**Ingestion**                                      May cause discomfort if swallowed.

**Skin Contact**                                      May cause skin sensitisation or allergic reactions in sensitive individuals. Prolonged contact may cause redness, irritation and dry skin.

**Eye contact**                                      Dust may cause slight irritation.

### SECTION 12: Ecological information

**Ecotoxicity**                                      Harmful to aquatic life with long lasting effects.

**Toxicity**    Harmful to aquatic life.

#### Persistence and degradability

**Biodegradation**                                      Expected to be readily biodegradable.

#### Bioaccumulative potential

**Bioaccumulative Potential**                      The product does not contain any substances expected to be bioaccumulating.

#### Mobility in soil

**Mobility**    The product is insoluble in water.

#### Other adverse effects

**Other adverse effects**                              None known.

### SECTION 13: Disposal considerations

#### Waste treatment methods

**General information**                                      Care should be taken when handling emptied containers that have not been thoroughly cleaned or rinsed out.

**Disposal methods**                                      Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

### SECTION 14: Transport information

**General**    The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADG).

#### UN number

Not applicable.

#### UN proper shipping name

Not applicable.

#### Transport hazard class(es)

No transport warning sign required.

## Kitchen Bin Buddy

### Packing group

Not applicable.

### Environmental hazards

#### **Environmentally hazardous substance/marine pollutant**

No.

### Special precautions for user

Not applicable.

Transport in bulk according to Not applicable.

**Annex II of MARPOL 73/78  
and the IBC Code**

### SECTION 15: Regulatory information

#### Safety, health and environmental regulations/legislation specific for the substance or mixture

<b>National regulations</b>	Control of Substances Hazardous to Health Regulations 2002 (as amended). Dangerous Substances and Explosive Atmospheres Regulations 2002. EH40/2005 Workplace exposure limits. Health and Safety at Work etc. Act 1974 (as amended). The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009 (SI 2009 No. 1348) (as amended) ["CDG 2009"]. The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (SI 2009 No. 716).
<b>Guidance</b>	Workplace Exposure Limits EH40.

### SECTION 16: Any other relevant information

<b>Revision date</b>	18/02/2021
<b>Revision</b>	4.0
<b>Supersedes date</b>	28/07/2020
<b>SDS No.</b>	5282
<b>Hazard statements in full</b>	H226 Flammable liquid and vapour. H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H400 Very toxic to aquatic life. H402 Harmful to aquatic life. H410 Very toxic to aquatic life with long lasting effects. H412 Harmful to aquatic life with long lasting effects.
